

## Technical Specification of Butterfly Valve

Type	: Wafer type Pinless Double Shaft design
Sizes	: 50 mm to 250 mm (Lever Operated) 50 mm to 250 mm (Gear Operated)
Medium	: Water
Body Material	: Cast Iron with Powder Coating
Disc	: WBF9 & WBF9 G - SS 304 (SS316 option on request) WBD9 & WBD9 G - SG Iron.
Seat	: Nitrile / EPDM
Seat type	: Vulcanized (no need for gaskets in flanges)
Shaft	: SS 410
Lever / Gear	: M.S with powder coating
Bushing	: PTFE
Max. temperature	: upto 90 Deg. Cel.
Pressure	: PN 16 (16kg/cm <sup>2</sup> )- higher available on request
End Connections	: Wafer type suitable for flanges of IS,ASIN,BS, DIN Standards.
Face to face dimension	: ISO 5752 / IS-13095 / BS-5155

\*All parts are nontoxic suitable for drinking water.
