

## Technical Specification PRV W21

Type	: Direct acting diaphragm Operated
Size (mm)	: 15 & 20
Body Material	: W21 G            - Gunmetal / Bronze W21 N / S        - UPVC
Diaphragm	: Nylon Reinforced NBR with Corrugation Profile
Internals	: Engineering Plastic + SS316 + Brass + Rubber
Built in Filter	: N.A (Optional Wire Mesh of SS 316 with 800 microns available)
Max. temperature	: 70° C (W21 G) 55° C (W21 N & W21 S)
Max. Inlet Pressure	: 13 kg/cm <sup>2</sup> (tested at 20 bar)
Outlet pressure range	: 1.0 to 5 kg/cm <sup>2</sup>
End Connections	: W21 G / N        - Female Threaded BSP W21 S             - Solvent Cement
